Re: Property: 4211 AMMENDALE RD
BELTSVILLE, MD 20705
Borrower: N/A N/A
File No.: 2002007

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of this appraisal is to estimate the market value of the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The value conclusions reported are as of the effective date stated in the body of the report and contingent upon the certification and limiting conditions attached.

It has been a pleasure to assist you. Please do not hesitate to contact me or any of my staff if we can be of additional service to you.

Sincerely,

Jacquelin Sonceau, SRA

Supplemental Addendum

File No. 2002007

Borrower	N/A N/A				
Property Address	4211 AMMENDALE RD				
City	BELTSVILLE	County	Prince George's	State	MD Zip Code 20705
Lender/Client	The Prince George's County Government				

NEIGHBORHOOD DESCRIPTION:

Note: Race and the racial composition of the neighborhood are not appraisal factors. No apparent adverse factors were noted that could affect the subject's marketability. Good access to all amenities, including public schools of all levels, churches, shopping, employment, and major highways. Major employment centers in the Washington metro area are within typical commuting times. The subject is less than a mile (as the crow flies) from Martin Luther King Jr. Middle School. The "other" land uses are vacant lots, a community park, and schools. These do not have a negative impact on the value or marketability of the subject.

Definition of exposure time, per the Appraisal Institute: "Exposure Time" is: The estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective estimate based on an analysis of past events assuming a competitive and open market.

COMMENTS ON SALES COMPARISON

The comparables presented are considered the best available featuring design, appeal, condition, utility, and amenities similar to the subject property. Other comparables analyzed would require less desirable adjustments and were not utilized for that reason. The comparables recited are from the subject neighborhood, are in acceptable proximity to the subject, are recent, and the most comparable sale and listing found. All value affecting dissimilarities were adjusted according to market reaction. The indicated range of values brackets the value of the subject. Features regarding each comparable is listed below.

COMPARABLE #1: recent sale; in close proximity of subject and located in the same city and county; same zoning as the subject; market reaction does not warrant an adjustment for the difference in lot size; similar condition as the subject; mainly clear lot; utilities at site;

COMPARABLE #2: recent sale; in close proximity of subject and located in the same city and county; same zoning as the subject; market reaction does not warrant an adjustment for the difference in lot size; similar condition as the subject; mainly clear lot; utilities at site;

COMPARABLE #3: recent sale; in close proximity of subject and located in the same city and county; similar zoning as the subject; market reaction does not warrant an adjustment for the difference in lot size; similar condition as the subject; plat approved and recorded; clear lot; utilities at site;

COMPARABLE #4: recent sale; in close proximity of subject and located in the same county; similar zoning as the subject; market reaction does not warrant an adjustment for the difference in lot size; similar condition as the subject; utilities at site;

All four comparable sales are over 1 mile from the subject property. This distance is farther than standard search parameters but it was necessary to expand this parameter to find comparables that were similar in overall appeal, design, condition, utility, and amenities. The sales presented were considered the best available.

The comparable sales used in this report have not all closed within the past 90 days of the effective date of the appraisal, and/or are within 1 mile of the subject. The comparables used were the best available to the appraiser, as of the date of the inspection.

The comparable sales selection search parameters/criteria included within 36 months of the date of inspection, located in Prince George's County, within 50% below and above the lot size of the subject.

The global outbreak of a "novel coronavirus" known as COVID-19 was officially declared a pandemic by the World Health Organization (WHO). The reader is cautioned, and reminded that the conclusions presented in this appraisal report apply only as of the effective date(s) indicated. The appraiser makes no representation as to the effect on the subject property of any unforeseen event, subsequent to the effective date of the appraisal.
