Re: _____
Location: _____
DPIE Permit Number: _____

Dear _____,

Regarding the subject permit for the referenced subdivision and location above, the Prince George's County Department of Permitting, Inspections and Enforcement (DPIE) has determined that the permitted construction within the public right-of-way as well as any associated on-site construction may cause damage to the existing County maintained infrastructure facilities in the public right-of-way. The County shall be held harmless from any damage claims and expenses/costs arising out of the permitted work. We, _____, as property owner, and subject to the terms and conditions of the permit identified above, do hereby accept all responsibility for any necessary repair of public facilities damaged due to our construction activities under the subject permit, as directed by DPIE, and be willing to investigate and work with the County and its third-party risk management company to resolve any claims arising out of the permitted construction activities. Further, _____ will not be held responsible for the repair of any deficient public infrastructure that existed prior to issuance of the subject permit. I certify in my capacity as the undersigned to this letter, that I have the authority to bind and act on behalf of _____.

Very truly yours,
