Snow and Ice Control Operations

When a snow emergency is declared, the Prince George's County Department of Public Works and Transportation (DPW & T) is responsible for providing "passable" conditions over a network of over

2,000 miles of County maintained roadways. Treating roadways consists of plowing and/or salting, as warranted by weather conditions.

What to Expect During a Snow Emergency Event

- ❄️ Parking is prohibited along all designated snow emergency routes.
- ❄️ Residents should park in driveways.
- ❄️ If on-street parking is necessary, parking is permitted only on the even-numbered side of the street. Abandoned vehicles will be towed.
- ❄️ Once the road has been treated and plowed cars must be moved to the odd side of the street.
- ❄️ Failure to comply could result in fines and/or towing.
- ❄️ Primary and collector roads will be plowed and treated during active snowfall. Once the snow stops, resources will move into residential areas.
- ❄️ To avoid shoveling the driveway multiple times, please shovel after the street has been plowed.

For Snow Removal requests, Call PGC311 - 48 HOURS AFTER THE SNOW HAS ENDED.

Road Plowed Terms

Snow Operations Deploy Based on Weather Conditions

- Level 1** - Snowflake/Modified - 0-2 inches of snow
- Level 2** - Full Operation with Limited Contractor Support - 3-6 inches of snow
- Level 3** - Full Operation with Full Contractor Support - 6-12 inches of snow
- Level 4** - Full Operation with FULL Contractor Support and Heavy Equipment - 12 + inches/blizzard

DPW&T PLOWS TO COMPLETE ROAD CONDITION, EXCEPT FOR BLIZZARD CONDITIONS.

Working Together: How You Can Prepare For Snow

- * Park on the even numbered sides of residential streets or in driveways.
- * Contact the appropriate health provider for dialysis treatments.
- * Pick up any required medications.
- * Have a supply of rock salt, cat litter or sand available.
- * Have your heating fuel level checked and filled, if needed.
- * Have flashlights, extra batteries, battery operated radio and fresh bottled water on hand.
- * Keep a stock of packaged foods that don't need refrigeration and may be prepared without electrical power.
- * Please check on vulnerable residents and senior citizens in your community as winter conditions can cause a wide range of injuries and illnesses.
- * Trash, recycling, and yard waste pickup may be impacted during snow events.
